(3) Reading Comprehension

Read the following passage and answer the questions:

My grandmother is seventy years old. She lives in a very big house. There are twelve rooms. There are seven rooms upstairs and five rooms downstairs. There are four bathrooms. There are three living rooms and nine bedrooms.

My grandmother is short and thin. She likes telling stories. She is also famous for her jokes. Everyone in the village loves her because she is kind, generous and helpful. Children come to her to have sweets and listen to nice stories which never end. Women always come to her in order to solve their problems with their husbands.

My grandmother never eats much. She thinks that too much food makes people fat, lazy and stupid. She likes working at home. She cooks food and feeds the chickens. She usually goes to bed early. She likes tea and has a special way of making it. Children often ask her for tea because they like her little coloured glasses.
